November 2025

**Don't forget to set your clocks back one hour before going to bed on Nov. 1st.**

2 Corinthians 9:6-7 What I mean is this: the one who sows a small number of seeds will also reap a small crop, and the one who sows a generous amount of seeds will also reap a generous crop. Everyone should give whatever they have decided in their heart. They shouldn't give with hesitation or because of pressure. God loves a cheerful giver.

**THANKFUL FOR OUR GREATEST GENERATION:**

My life was greatly shaped by men and women of our Greatest Generation. My Pop-pa (1898), Mommy, Father, Aunts, Uncles, neighbors…, These were people born anywhere from 1901 -1927. These people came "Of Age" during the Great Depression and the 1940s. "A generation of towering achievement and modest demeanor, a legacy of their formative years when they were participants in and witness to sacrifices of the highest order…, this is the greatest generation any society has produced." "I (and I, the writer of this) was deeply moved and profoundly grateful for all they had done. I realized that they had been around me as I was growing up and that I failed to appreciate what they had been through and what they had accomplished." Approximately 45,000 of that astonishing generation remain as of 2025. 16 million Americans served in WWII, the majority being members of this generation. 38.8% were volunteers, 61.2% were draftees, the average length of their service was 33 months, and total casualties were 671,278 (killed and wounded).

I know that those who have gone on are resting in the Promised Land that they believed to be and are forgiven, loved, happy, beautiful, and whole. Those who remain, seek out and let them feel our thankfulness for them, for if it was not for them…

Shake a hand of, or give a loving, thankful hug to a Veteran today. Let us all strive to make the Greatest Generation and the veterans of other times proud of what they did for us and gave to us. AMEN? Let's say a loud AMEN, right now, right where you are.
**AMEN!!!!!!!!!!!!**
